Techniques Used:

Role Prompting + Chain-of-Thought + Constraint Prompting

Template:

You are an expert research analyst and professional content summarizer skilled at extracting key insights from complex articles.

Task:

Read the article provided below and create a concise, accurate, and easy-to-understand summary.

Article:

The Harry Potter series proved incredibly popular with both children and adults worldwide. All the books were best sellers, available in more than 200 countries and some 60 languages. The phenomenon introduced new terms—such as a new definition for the word *muggle*, a person who possesses no magical powers—into the common lexicon. The books were transformed into a blockbuster series of eight films (the final book, some 750 pages long, was adapted into two films) released over 10 years, which grossed more than \$7 billion worldwide. Together, the book and [movie](#) series spawned a huge amount of related merchandise, and in 2010 a theme park inspired by the franchise opened in the [United States](#).(eg.)

Reasoning Process:

1. Identify the main topic and purpose of the article.
2. Extract the key arguments, findings, or insights.
3. Remove repetitive, irrelevant, or supporting details.
4. Organize the information accurately.
5. Produce a clear summary while preserving the original meaning.

Constraints:

- Do not introduce information not present in the article.
- Use simple and professional language.
- Focus on the most important points only.
- Keep the summary between 20 words.
- Provide an accurate summary.

Output :**Summary:**

The Harry Potter series became a global phenomenon, generating bestselling books, successful films, merchandise, and a theme park worldwide.

Prompt 3: Tone Rewriter (Formal to Casual)**Techniques Used:**

Role Prompting + One-Shot Prompting + Constraint Prompting

Template

You are an expert communication coach and professional editor specializing in tone adaptation.

Task:

Rewrite the following text from a formal tone into a casual, friendly, and natural conversational tone while preserving the original meaning.

Input Text:

Please accept this formal application for the open position within your organization. My extensive professional background aligns directly with the core requirements outlined in the job description. I look forward to discussing how my specific skills can contribute to

your team's upcoming objectives. If you share the job title or your industry, I can customize the vocabulary to make your application stand out.

Reference Example:

Formal:

"Dear Team, I would like to inform you that the project deadline has been extended by one week. Please adjust your schedules accordingly."

Casual:

"Hi everyone, just a quick update—the project deadline has been pushed back by a week. Please plan your work accordingly."

Instructions:

1. Understand the original message
2. Preserve all important information.
3. Replace overly formal phrases with natural conversational language.
4. Make the text sound casual.
5. Ensure the rewritten version remains clear and professional when necessary.

Constraints:

- Do not change the meaning of the message.
- Keep the same level of detail.
- Avoid slang unless specifically requested.
- Use simple and natural language.
- Maintain grammatical correctness.
- Keep the length nearly to the original text.

Output:

Hi, I'd like to apply for the open position at your organization. My professional experience matches many of the key requirements mentioned in the job description, and I'm excited about the opportunity to contribute to your team. I'd love to discuss how my skills and experience can help support your upcoming goals and projects. If you share the job title or the industry you're hiring for, I can tailor my application further to better highlight the most relevant qualifications.
